Public Service Commission

Subject: Petition Against the Duke Energy Progress Rate Increase

Dear Public Service Commission,

As a Duke Energy Progress electric customer, I encourage you to closely examine the Duke Energy Progress electric rate proposal (2018-318-e) when it comes before you, Specifically, I am concerned that:

The Duke Energy Progress proposal to increase the basic facilities charge a fixed cost from \$9.08 to \$29. This would make this mandatory fee one of the highest in the country and much higher than the other investor-owned utility in South Carolina, which recently lowered its fixed cost.

The increase in this mandatory fee takes away customer control over my energy bill robs me of the full benefit of energy conservation efforts. It is important that you protect older consumers who may live on a fixed income.

.My bill is higher enough now! I am home about 2 weeks a months some months one week and my bill is still about the same..I only use my dryer if it is raining or too cold to hang out clothes. When I use my dryer it really does increase my bill significantly. Being a senior, retired and living on a fixed income with a tight budget; an increase would really be a hardship on my household. PLEASE DO NOT ALLOW THIS RATE INCREASE! Let Duke Energy Progress find another way to increase their revenue from other sources instead of from us their customers!

Sincerely,  
Mrs. Barbara eaddy
